Starting from 1750 Population statistics have been digitised into PDF format in the National Library's Doria service.

Area: These statistics apply the regional division of 1 January 2019 to the whole time series. Data for merged municipalities have been combined. Partial municipal mergers have not been taken into account in the years preceding the merger.

Age: Age refers to a person's age in whole years as at 31 December.

Information: The notion of mean population (or average population) refers to the average of the populations of two consecutive years.
