Families are defined within a household. A household consists of all persons who share the same address with no regards to other possible relationships between them.

A family consists of one or more persons who live in the same registered address. A family consists of a single person or a couple with or without children. A family includes, in some cases all persons in a household, while Registered partners are not calculated separately, and are calculated as married.

time: April 4th 2018 Tables from prior to this date slightly overestimates number of total households by 100
