

P114. POVERTY STATUS IN THE PAST 12 MONTHS BY SEX BY AGE - Universe: POPULATION FOR WHOM POVERTY STATUS IS DETERMINED
Data Set: 2001 Supplementary Survey Summary Tables

NOTE: Data are limited to the household population and exclude the population living in institutions, college dormitories, and other group quarters. For information on confidentiality protection, sampling error, and definitions, see Survey Methodology.

Table with 4 columns: Alaska, Estimate, Lower Bound, Upper Bound. Rows include Total, Income in the past 12 months below poverty level, Male (Under 5 years, 5 years, 6 to 11 years, 12 to 14 years, 15 years, 16 and 17 years, 18 to 24 years, 25 to 34 years, 35 to 44 years, 45 to 54 years, 55 to 64 years, 65 to 74 years, 75 years and over), Female (Under 5 years, 5 years, 6 to 11 years, 12 to 14 years, 15 years, 16 and 17 years, 18 to 24 years, 25 to 34 years, 35 to 44 years, 45 to 54 years, 55 to 64 years, 65 to 74 years, 75 years and over), Income in the past 12 months at or above poverty level, Male (Under 5 years, 5 years, 6 to 11 years, 12 to 14 years, 15 years, 16 and 17 years, 18 to 24 years, 25 to 34 years, 35 to 44 years, 45 to 54 years, 55 to 64 years, 65 to 74 years, 75 years and over), Female (Under 5 years, 5 years, 6 to 11 years, 12 to 14 years, 15 years, 16 and 17 years, 18 to 24 years, 25 to 34 years, 35 to 44 years, 45 to 54 years, 55 to 64 years, 65 to 74 years, 75 years and over).

Notes

The 2001 Supplementary Survey universe is limited to the household population and excludes the population living in institutions, college dormitories, and other group quarters. Data are based on a sample and are subject to sampling variability. The degree of uncertainty for an estimate is represented through the use of a confidence interval. The confidence interval computed here is a 90 percent confidence interval and can be interpreted roughly as providing 90 percent certainty that the true number falls between the lower and upper bounds.

Click on the table title to access subject characteristics and code lists related to this table.

- 1. An '-' entry in the lower and upper bound columns indicates that too few sample observations were available to compute a standard error and thus the lower and upper bounds. A statistical test is not appropriate.
2. An '***' entry in the lower and upper bound columns indicates that no sample observations were available to compute a standard error and thus the lower and upper bounds. A statistical test is not appropriate.
3. An '.' entry in the estimate column indicates that no sample observations were available to compute an estimate.
4. An ']' following a median estimate means the median falls in the lowest interval of an open-ended distribution.
5. An '[' following a median estimate means the median falls in the upper interval of an open-ended distribution.
6. An '****' entry in the lower and upper bound columns indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.
7. An '*****' entry in the lower and upper bound columns indicates that the estimate is controlled. A statistical test is not appropriate.
