

Completers of curriculum-based basic vocational education numbered 31,100 in 2006

According to Statistics Finland, completers of curriculum-based vocational education provided by educational institutions numbered 31,100 in 2006.

The number was 0.5 per cent lower than in the previous year. Fifty-two per cent of the qualifiers were men.

The largest number, or 39 per cent, of the qualifications were attained in the field of technology and transport. The next largest numbers were attained in the fields of welfare, health and physical exercise (15 per cent) tourism, catering and economics (14 per cent) and business economics and administration (11 per cent). The shares of other fields of education were below 10 per cent.
