Under review.

Data is based on recommendations from the International Labour Organization (ILO).

Employed: Comprise employees, self-employed persons and assisting spouses. In order to be classified as employed, a person must work, i.e. perform labour against some form of payment for at least one hour during the reference period.

Unemployed: Persons out of work who are available to start working within two weeks and are actively seeking a job.

Not in the labour force: Includes young people still pursuing their education and those engaged in work without compensation as well as the retired and disabled.

Labour force: The sum of employed and unemployed. Figures may not add up because of rounding.

Unemployment rate: Unemployed in per cent of labour force

Employment rate: Employed in per cent of total number of people aged 15-64
